

Subsidies To Be Largely Increased

Manitoba, Alberta and Saskatchewan Will Get \$130,000 a Year More
McBride of British Columbia Withdraws in a Huff

Ottawa, Oct. 14.—After a week's stay in Ottawa the provincial premiers have returned to their homes with increased financial aid and a better understanding between themselves and the Dominion on a variety of subjects which in the past have created more or less friction. The result of the conference will mean an additional expenditure to the Dominion of a little over two and a quarter millions a year. On the whole the proceedings outside of the attitude assumed by the British Columbia premier were so satisfactory that a resolution was passed thanking Sir Wilfrid and his colleagues for their attention and efforts to facilitate the work of the conference and declaring that there should be annual meetings of the provincial premiers to be convened by the premiers of Ontario and Quebec. Sir Wilfrid informed the premiers that he would not be able to give them all they asked but he would give them what was asked at the conference of 1897. The difference was that in the latter there was no amount asked for criminal justice, while the resolution of 1902 asked for twenty cents per head.

The new grants make an increase for the old provinces of \$1,107,000 in the per capita subsidies and of \$905,500 on the specific subsidies, or a total of \$2,012,500. To this will have to be added the one hundred thousand special grant to British Columbia and also the increases for the two new provinces of \$2,374,018. Manitoba and the new provinces do not profit as yet by the increased per capita subsidy because they have not reached the minimum figure fixed, but hereafter they will receive a specific grant of \$180,000 annually for legislation in place of \$50,000 received heretofore. They will thus get \$130,000 a year more each from the Dominion treasury. Sir Wilfrid Laurier arranged with the premiers of Saskatchewan, Manitoba and Ontario that he would take up the matter of the extension of the boundaries on November 12th at Ottawa.

A brief review from the official record shows that when the conference opened on Monday last the premier of Quebec was appointed chairman on the motion of Mr. Whitney seconded by Mr. Roblin. The subject matter of the Quebec resolution of 1902 was at once considered by a sub-committee composed of the chairman, Premier Murray, of Nova Scotia, Pugsley, of New Brunswick, McBride, of British Columbia, Campbell, of Manitoba, and Weir, of Quebec, and on the following day the report was debated and adopted.

Northern News

WILL OPEN NEW ROAD.

From Athabasca Landing to Moose Portage.

Athabasca Landing, Oct. 17.—Tom Kelly, who is in charge of the H. B. transport in the McKenzie District arrived here yesterday from Lesser Slave Lake. He was accompanied by Constables McCulloch, McDonald, Derby, Bury and Manson of the R. N. W. P. force from Port Graham, B. C., where they have been stationed for the last two years. Mr. White of Lesser Slave Lake was also with the party.

Capt. Barber left for Lesser Slave Lake Monday with a large party of men in the Grand Prairie District. The Grand Prairie District, Dr. Beal, of Montreal, has now taken up practice here and intends residing here. It is his intention to open a drug store in connection with his practice.

Mr. and Mrs. Robt. Vance of St. Albert, arrived in the landing last evening and intend staying a few days. Mr. Wood, of the H. B. Co., is now busy having the building which is to be occupied by the Imperial Bank, fitted up for the winter. It is the intention of the Bank to be open for business here on the first of November.

Mr. Hugh Hunter left yesterday to locate the road on the north side of the Athabasca River from here to Moose Portage, a distance of about 50 miles.

It is the intention of the Provincial Government, to have this road open at once so that parties wishing to go to Lesser Slave Lake can drive through without any delay. All traffic heretofore has been delayed at this point during the fall and spring for a month or more when the ice is forming on the river and breaking up in the spring.

Mr. J. Keith accountant for Revillon Brothers of this place arrived from Edmonton today.

Council Adopts

LARGE CIVIC UNDERTAKING.

Estimates Which Indicate the Large Problems Now Being Racked by the City Council.

Some idea of the stupendous proposition confronting the city council in the proposals for street grading and the construction of a street car line may be gathered from an estimate of items for which the city would have to place orders to carry out the work. An estimate of these follows:—

Seven hundred cars, more or less, of gravel, sand, crushed limestone and crushed granite.

One hundred cars of cement.

Forty cars of paving blocks.

Forty cars of sleepers and ties.

Twenty cars of steel rails.

Twenty cars of poles, ornamental iron posts, copper wire, guy wires and incidentals of equipment.

In cars of electrical machinery for power plant.

Trolley cars, repair cars, snow plow, several gondolas, and the usual assortment of span trucks, axles and spare parts usually kept in store.

AP told about 940 or 950 cars of material.

If this order were all placed on the cars at once and headed by Edmonton it would make a string of cars 51,500 feet long; or 48 twenty-car trains, which, including engines and cabooses, would make a continuous string of trains six and one half miles long.

This will give some idea of the magnitude of the proposition.

The opinion of the city council last night seemed to be that the paving would be carried out as a local improvement. Nothing was said as to the probable cost of paving the car line. Providing, however, that the city assumes the cost of the 18 feet which could be required by the car line, does this work and charges it against the street railway enterprises, the cost per running foot on each side of the car line on Jasper would be \$9.91 per front foot.

As First and Namoy are only 80 feet wide, whereas Jasper is 100, the cost per front foot on First and Namoy would be, approximately, \$8.

Assuming that the city undertook the cost of the crossing; and that the paving, less the 18-foot street car strip, were charged up as a local improvement, with the abutment improvement, this \$9.91 and \$8 on Jasper, and on First and Namoy respectively, is all that could be assessed against the property.

The life of the block is assumed to be 25 years. The six-inch concrete base is practically indestructible.

Considering that the base is the largest item of expense the delinquencies issued against the pavement would probably be for not less than 40 years.

On this basis the ratepayer on Jasper avenue would have \$9.50 per front foot, payable in 40 year delinquencies, charged against his property, while the First street property would have \$8 on the same terms.

The city commissioners' report does not indicate what class of an electric plant would be required to operate the street railway system provided for in his estimate. However, it is conceded that a new plant would be required.

At the present moment the city plant is working practically to its load limit, but in a month or so, when the Strathcona plant is complete and working, and Edmonton loses the Strathcona business, the city will have a surplus of electrical energy with its present plant. How long this surplus will be available, however, is very problematical. Speaking in round numbers, the city's electrical business has increased 100 per cent in the last year and there is every indication that it will make another great upward bound within the next twelve months. If it increases at anything like the rate at which it has increased during the past year, the present equipment will not be sufficient for lighting alone, to say nothing of being dependable for tramway power. It

Would Increase

NUMBER OF COUNCILMEN.

Alderman Griesbach Gives Notice of Motion Calling for Twelve Members on Civic Board.

At Tuesday night's meeting of the city council Alderman Griesbach gave notice of a motion which he intends to make at the next regular meeting of the city council calling for a representation of 12 members on the council board in place of eight, as now constituted.

Alderman Griesbach's motion is in conformity with a clause of the charter which provides that the council may at any time by a majority vote increase its numerical proportions to any number up to 24.

The charter also provides for the inauguration of the ward system by majority vote, but this is not contemplated in Alderman Griesbach's motion.

Should Alderman Griesbach's motion carry it will be necessary for the electors to elect eight new aldermen at the forthcoming municipal elections, two of whom would be for the short term of one year and six for the long term of two years.

The Taylor Construction Co.'s big trenching machine is working on the Fifth avenue sewer is breaking all previous records for sewer construction in Edmonton at least if not in Canada.

Yesterday they trenched and laid tile for 312 feet of sewer and today the machine was put onto the high speed and made 330 feet, notwithstanding that over two hours was lost in the morning half of the shift on account of a delay waiting for fuel. In the five hours from 1 o'clock until 6 p.m. 200 feet of sewer was laid. This figures out to 40 feet an hour, or one foot in every 90 seconds. The ground on Second street is standing up beautifully and that part of the contract will be finished by Friday afternoon.

The Taylor Company intends to move the machine over to the First street section of the contract and commence work there on Monday. According to the work that the machine is now doing they figure that they will do 100 feet of work a day, making a trench five feet wide and 20 feet deep. Two shifts will be kept at work on the concreting in order to keep up with the machine. Sixty men will be employed on the machine and concrete work.

A Great Success

CHARITY BALL.

Annual Event Held Tuesday Evening was a Great Success.

The most brilliant social affair of the season took place Tuesday evening at the Thistle Theatre, the occasion being the Charity Ball. The hall, strung with many lights and beautifully and artistically decorated by willing volunteers, showed to advantage the many beautiful toilets worn.

About midnight, supper was daintily served by the ladies of the Hospital Aid Society, and many appreciative remarks were evoked by the toothsome viands.

About three hundred people were present, and from all indications the hospital funds should be greatly augmented.

The patronesses were Mrs. John Ross, Mrs. R. C. Robertson, Mrs. Edmondson, and Mrs. Somerville. Mrs. Ross wore a black lace over rich black satin; Mrs. Edmondson a violet organdie with Valenciennes lace, and Mrs. Robertson, a handsome black voile with touches of white.

Some handsome gowns noticed were: Mrs. Swaisland, in white embroidered chiffon; Mrs. Smith, a white lace creation, over silk; Mrs. Pardee, an imported all-over lace gown; Mrs. Braithwaite, a pretty black silk; Mrs. Morris, a handsome toilette of cream lace made on a foundation of satin; Mrs. Hupol, a dainty yellow organdie, with black girde; Mrs. Jellett, an attractive black, bolero; Mrs. Scobel, an exquisite point d'esprit; Mrs. Norquay, pale blue voile; Mrs. Balmor, Dresden black muslin; Mrs. Watt, handsome black lace over butternut satin; Mrs. Barford, white point d'esprit; Mrs. Saunders, Dresden blue silk; Mrs. Charlesworth, black crepe de chene; Mrs. Hubbell, purple muslin; Mrs. Gray, white white organdie gown; Mrs. Enlow, white point d'esprit; Mrs. Ross, a sheer white organdie gown; Mrs. Woods, white point d'esprit; Miss Woods, a black lace dress; Miss Empey Maloney, a simple but very dainty dress of muslin and Valenciennes.

Among those present were: Mr. and Mrs. Pardee, Mr. and Mrs. Swaisland, Dr. and Mrs. Smith, Dr. and Mrs. Hupol, Mr. and Mrs. Wallbridge, Mr. and Mrs. Thibadeau, Mr. and Mrs. Jellett, Dr. and Mrs. Braithwaite, Mr. and Mrs. Morris, Mr. and Mrs. Woods, Mrs. Stott, Mrs. Saunders, Mr. and Mrs. Barford, Mr. and Mrs. Scobel, Mr. and Mrs. Charlesworth, Mr. and Mrs. Nightingale, Mr. and Mrs. Ross, Mrs. Hubbell, Mr. and Mrs. Norquay, Dr. and Mrs. Wilson, Mr. and Mrs. Whit, Mr. and Mrs. Millar (Wetaskiwin), Mrs. Evans, Dr. and Mrs. Farquharson, Mr. and Mrs. Mays, Mr. and Mrs. Powley, Mr. and Mrs. A. M. Stewart, Mr. and Mrs. Griesbach, Mr. and Mrs. Gray, Dr. and Mrs. Dunn, Mr. and Mrs. Filtzner, Mr. and Mrs. Enis, Misses Wishart, Matheson, Sommerville, Harris, Graves, Bouchier, Gascoigne, Woods, Bingham, Tyner, Clark, McIsaac, Chatwin, Curry, Lynch, McKimney, Grant, Cameron, Ross, York, Laurence, Shanks, Reid, Kerry, Wallbridge, McLean, Sullivan, Dunlop, McCauley, Lauder, Webster, Ross, McAlpine, Youngsawkie, Messrs. From Regina North

C. P. R. NEW LINE.

To Rival the Prince Albert Road Secured by the C. N. R.

(Bulletin Special)

Regina, Sask., Oct. 17.—The immediate construction of the Regina, Kiriella branch, paralleling the Canadian Northern line from Regina north, is the plan of the Canadian Pacific and a survey party has started out on a route from this city to connect with the Kiriella branch. The party is running its first line into the city. From Strassburg there is already a line graded northward to Saskatoon.

STEAMER BURNED.

(Bulletin Special)

Vancouver, B.C., Oct. 16.—News has been received from Dawson to the effect that the steamer Columbian en route from White Horse to Dawson, suffered an explosion near Tantalus, was run ashore and burned to the water's edge. She had three tons of black powder aboard. Five men were burned so as to be unrecognizable. They are supposed to have been deck hands. The purser was badly burned and one of the crew, named Murray was seriously injured. Welsh, the mate fell into the water after being burned and was not seen again. One fireman is also missing.

INSOLVENT TEN YEARS AGO.

(Bulletin Special)

Toronto, Oct. 16.—Charles McGill says that the Ontario bank was insolvent when he took it over eleven years ago. He was then manager of the Toronto branch and he was anxious to run the bank through as his friends had over \$1,000,000 in it. If it had been wound up then their capital would have been wiped out and suffering would have been caused, as it was hard times. He acknowledges that he concealed his losses from the directors to make a good showing. His plan was to carry securities and wait for a rise.

TO UNTANGLE MATTERS.

Former Manager

McGILL ARRESTED.

Late Manager of the Ontario Bank in the Toils.

(Bulletin Special)

Toronto, Oct. 17.—C. McGill, late manager of the Ontario Bank was arrested this morning on a charge of making false returns to the receiver general's department. A summons has been issued for President Cockburn, charging him with making false returns. Crown Attorney Terry states he will not accept bail for either of them.

FORMER CANADIAN IN TROUBLE.

(Bulletin Special)

Minneapolis, Oct. 16.—Charged with manslaughter in the first degree Alexander McEwan, a Canadian formerly of Montreal, where he has well-to-do relatives faced the court. McEwan in company with Julius Hoefner, kicked and beat to death Frank O. Grain, in a disreputable resort in this city last May. They were indicted on separate counts, hence must stand trial separately. The prisoner has secured able attorneys and his eastern relatives seem to have guaranteed all necessary funds to permit of a strong defence. His sister is here and is a prominent figure in the court room.

AGED COUPLE SUICIDE

(Bulletin Special)

Hamilton, Ont., Oct. 16.—A pathetic case of suicide was brought to light by the finding of Andreas Elewaldsen and his wife at 11 Keith St. Elewaldsen was a Dane and he and his wife drank a fatal dose of carbolic acid because of their poverty and inability to secure work. The man was repeatedly disappointed in his search for work and was refused several places because he was too old. The bodies were found in bed. Empty bottles and glasses were on the table at the side. The husband left a note to his friends desiring the bodies to be robbed in the clothes which were all laid out for the funeral.

VESUVIUS AGAIN ACTIVE.

(Bulletin Special)

Naples, Oct. 16.—A terrific storm has caused an inundation of mud from Mount Vesuvius and the country round about is flooded. Two women have been killed and twenty-six persons injured. Travel on the railway up Mount Vesuvius has been interrupted and the line is partially destroyed.

BACK FROM THE PEACE RIVER.

A party of land prospectors consisting of R. Caldwell, Toronto, J. O. Stewart, Ross Beatty, Prince Albert, J. N. Coulter, N. McLaughlin, Geo. L. Stewart, Saskatoon, have just reached town from the Peace River district. They found plenty of good land for settlement but at present the means of access to the far-famed region departs its being settled rapidly.

The party helped in threshing operations at Shaftsbury settlement near Peace River Crossing.

The yield of grain was large and quality very good.

Vegetables are grown in this settlement that would be hard to beat anywhere. The settlement is on a river flat and all the flats adjacent to the river are taken up. The plateau above is fertile prairie and timber, sufficient for generations of settlers though at the present time the fear of frost has prevented anyone from breaking the soil.

The party left Peace River Crossing on October 1st arriving in Edmonton on October 15th after a pleasant journey via wagon and York boat. Mr. Footner of the Calgary Alberion who is exploring the district in the interests of his paper and who was returning with the party took a different boat from the upper end of Lesser Slave Lake.

A storm came up and the boat in which Mr. Footner was sailing was compelled to run to shore for safety.

BIG FAIR FOR VANCOUVER.

Vancouver, B.C., Oct. 18.—A movement of great importance to Canadian and British commerce has been inaugurated towards holding an Occidental-Oriental exhibition in this city in 1910. The Hundred Thousand club of this city has taken the project in hand and has begun a campaign on behalf of the undertaking.

The idea has been enthusiastically received and has already taken shape that suggestions for making it not only a national, but an international event, have already been advanced in the local newspapers. The leaders of the movement urge that not only the Dominion and provincial governments, but also the British and Japanese governments could properly be appealed to for funds to carry the exhibition through successfully.

Lord Grey's speech at the Canadian club luncheon, given here last month, has been freely quoted in support of Vancouver's claim that an Occidental-Oriental exhibition, representing and encouraging the commerce between Asia and Australia, on the one hand, and Canada and the otherland on the other, could most fittingly be held at the Pacific gateway of the Dominion, the point where the Canadian highway between Europe and Asia meets the ocean highway. There is every indication that Vancouver will make a strong effort to assert what the city believes to be its legitimate claim, and to carry out for the benefit of Canadian and British trade the biggest exhibition project ever undertaken in the Dominion of Canada—an exhibition that will be unique as representing the new order of things in the rise of the Pacific ocean to great commercial importance. The friends of the exposition state that it can be financed for about one and a half million dollars and that it can be financed for about one and a half million dollars and can be done thus cheaply because of the easily available timber. It is already proposed that when the fund is raised and the exhibition project in incorporated by the representatives of the bodies or governments subscribing to the fund, that the exhibition company shall build and operate its own sawmill to produce the material for the construction of the huge buildings that will be erected.

AN EXPLANATION OF THE CAR SHORTAGE.

(Commercial)
During the past few weeks most letter complaints have been coming in from nearly every part of the country. One not acquainted with the situation might think that the railways were negligent as to how slowly the wheels were moved. However, when the conditions this season are examined, no responsible person could expect either of our transportation companies to supply at once all the cars required. The fact of the matter is that both the Canadian Pacific and the Canadian Northern railways are to be commended for the enormous amount of grain they have removed already. This year the harvesting weather has been almost perfect. There was very little delay in threshing operations through rain, and the consequence was that it was next to impossible for the railways to do much better than they did. In former years the lull caused in the fields by wet weather gave the railways a chance to relieve the congestion, but this year they have had no such merciful spell.

There are now in this country according to Mr. Whyte of the C. P. R., nearly 5,000 threshing machines, and this number, were they fully manned, and employed steadily, are capable of threshing in the vicinity of two million bushels daily, and although the railroads made greater preparations, this season than ever before it was found impracticable to move the wheat as fast as the farmers demanded. Another thing that retarded work to a considerable extent was the short supply of coal owing to the strike in the mines to the west of us.

All these conditions go to show that the country needs all the railways that we can get here. In another two or three years we shall have four large roads where we now have but two, but with the rapid development of middle and western Canada, we need them all as soon as they come, if not sooner.

USE THE FANNING MILL.

The farmers of this country are losing a large amount of wealth each year by not putting their grain through the fanning mill. Owing to the dry condition of the wheat this year, the threshing machines are breaking up unusually large number of berries, which are taken out in screening. Many of the heads this year also contained a number of berries borne near the point of the head, which are perfect but of an inferior size. These also are taken out by much screening. The greatest loss to the shipper occurs in cases where farmers send forward wheat containing wild oats or other weed seeds. In one case this year a sample of wheat taken from a shipment that recently reached Winnipeg, from which 14 per cent. of the weight required to be screened in order to take out the wild oats. The loss is heaviest on grain of the higher grades. The Inspection Act provides that 1 Northern, for example, shall be "well cleaned," but to avoid taking out a large percentage of good grain in order to make certain weed samples conform to this requirement, the inspectors often find it more economical to shippers to give a lower grade, so that such heavy screening may not be necessary. By cleaning at home, wheat may be made to conform to the requirements of the grades to which it properly belongs, and all the seeds, broken and small grain taken out will be available for feeding purposes. Besides this, there will be no freight charges on a high percentage of foreign matter.

C. P. R. STEAMER.

(Bulletin Special)

Vancouver, B.C., Oct. 16.—Princess Victoria, the fast C. P. R. passenger steamer between here and Victoria is on the rocks at Trail Island ten miles this side of Victoria. The Riches has gone to her assistance. The passengers and mail are safe.

THURSDAY, OCT. 18, 1906.

THANKSGIVING

Today is Canada's national thanksgiving; the day set apart by the government as public acknowledgment of the blessings bestowed upon the nation during the year.

Few nations have better cause for gratitude than Canada and never has the claim of gratitude been stronger upon Canadians than it is today. Peace and order and security reign within our borders and no cloud darkens the horizon of our national life. And with these, in themselves sufficient motives for devout thankfulness, is added a beautiful measure of material prosperity, prosperity the more welcome that it is limited to no locality and denied to no class. It is safe to say that on the whole more wealth has been produced and more distributed than in any year of our history. It is too soon to compute dollar for dollar the wealth of this year, but we are practically assured that it will be greater than 1905 which was our best period of growth and development.

More than this the spirit of nationality grows deeper and expands year by year in fullest harmony with the imperial idea which only serves to reveal the truth that our nationalism has become the instrument of a larger political order embracing every colony and dependency of the Empire. For the growing consciousness at home and abroad of Canada's place in the Empire and the world, Canadians may well be thankful. To be the residents of a prosperous country is well; to be citizens of a country pregnant with possibilities is better; but to be Canadians when Canada's destiny is opening new vistas to the Empire and the world is best of all.

Fittingly may Canadian hearts and imaginations turn today to the ancestors who took possession of this noble heritage and maintained it with incredible toil and sacrifice and in remembering them remember also the Providence who worked through them and with them toward the splendid circumstance and still more splendid prospect of the present day. Recollecting this Presence in the history Canadians may well today reverently recall the words of Kipling:—
"Lord God of hosts be with us yet,
Lest we forget! Lest we forget!"

THE CITY CAN FINANCE

The estimates presented to the council by the city engineer and the commissioners indicate that while the proposed pavement and street car line would involve a heavy investment it is an investment by no means beyond the financial capability of the city.

According to the estimates the cost of the length of pavement considered desirable and of the car line considered necessary for present needs would be about \$25,000. Economists might be effected by shortening the length of pavement and by cheapening the construction of the car line along the non-paved streets, where in any event it must at some future date be torn up to lay the pavement, but the cost would not probably fall below the figures indicated and might for assurance be considered as liable to exceed this sum and run as high even as \$400,000.

Even so the amount required should be easily within the power of the city to finance. The city's bonded indebtedness at the present time exclusive of local improved debentures and debentures on public utilities which are either self-liquidating or dividend producing is less than half a million. Under the charter the city has borrowing powers to within ten per cent of the assessed valuation of its property. The assessment this year is \$17,000,000, which gives a borrowing power of \$3,400,000. Allowing therefore for the expenses of the trunk sewer now under way and for the extension of the other utilities which must be undertaken at no distant date, the burden of the proposed pavement and car line should not run our credit unduly near the danger line.

Nor under these circumstances should the city find difficulty in securing the money should it be decided to proceed with the enterprises, the more so because all the other city enterprises are paying their way and some earning handsome profits. A car line is usually the big paying utility in a city and assuming that the time has come for its installation in Edmonton there is no reason to assume that the rule would be found to fall here.

Whatever the council may decide to do with the proposition the estimates submitted already serve the purpose of proving the ability of the city to finance a street railway system. Presumably this was the direct purpose of having the estimates prepared for their preparation was requested when a company was seeking a franchise for a street railway from the city. On the strength of the verdict given by the estimates the council is justified in declining to consider the question of granting any such franchise.

EDMONTON MARKETS.

Hay—Slough grass \$8 to \$10; upland prairie hay \$11 to \$14; timothy \$15 to \$18; oats, 25c to 35c; coal \$4.50 a ton; Potatoes 25c to 35c.

PRODUCE.

Edmonton Produce Co., quote eggs 20c butter 15 to 15 1/2c; Whitelaw & Co. quote eggs 25c, butter prints 20c, to 23c; tubs 15c to 20c; Garpey & Leasard quote eggs 25c to 30c, butter prints 20c to 25c; tubs 15c to 20c; McDougall & Co. quote eggs 25c, butter in prints 21c to 23c; tub 14 1/2c; Hudson's Bay quote eggs at 25c, butter in prints 21c to 23c; tub 20c; Revillon Bros quote eggs 25c, butter in prints 20 to 23c, tubs 20c.

WINNIPEG MARKETS.

(Commercial)

Produce—Potatoes are scarce and somewhat firmer. Prices are from 45 to 50c a bushel. Carrots lots 40c; carrots 60c per bushel; turnips 25c per bushel; cabbage 90c a dozen; beets 50c per bushel.

The above are Jobbers' prices. Cheese—Ontario is quoted at 15c to 15 1/2c; Manitoba at 15c.

Butter—Creamery is phenomenally high. The supply is short. Jobbers are asking 30c for choice fresh churned and 27c for bulk.

Dairy—Contractors are buying all the butter they can get hold of and market is very firm. Jobbers are paying 21c for select dairy, good yellow at 18c, pastry 16c.

Eggs are very scarce and have advanced 1 1/2c, fresh eggs bring 21 1/2c at Winnipeg; glycerinated eggs are quoted at 24c.

Poultry—Jobbers are paying live weight: Fowl 8c; chickens 12c; ducks 8c; turkeys 14c to 15c country points. Hides—Green country hides are quoted at 8 1/2c to 9 1/2c; sheepskins 25c to 30c.

LIVE STOCK.

Cattle—Receipts for the last week were 3205 of which 2074 were exported and 810 sent as feeders to the east. Best butchers 31-4c; lowest grades 3c. Good export cattle are 3-14c to 3-15c; cows 3c, weighed off the cars, Winnipeg buyers assuming freight charges.

Sheep—Receipts for the week 1200, choice muttons are 6c, lower grades 5c, lamb 7 1/2c.

Hogs—Live hogs from 150 to 250 pounds are bringing 7 1/2c to 8c; 250 to 300 pound hogs 6 1/2c off the cars at Winnipeg.

GRAIN AND FEED.

Winnipeg, Oct. 12. Business is quite brisk this week.

Oats advanced another 1-2c, and barley has gone up. Flaxseed is 3c higher than a week ago. Demand for feed is very good, and oat chop is \$1 higher. There is no timothy hay offering. The lack of cars causes a scarcity in that commodity.

QUOTATIONS.

Millfeed—Bran \$16.50 per ton in bulk delivered to the trade; shorts, \$16.50. Ground feed—Oat chop, 35c per ton, delivered to the trade; barley chop 32c; mixed barley and oats, 22c; oil cake, 32c per ton.

Oats—No. 1 oats, 34 1/2c, No. 2 oats, 34 1/4c per bushel in carlots on track in Winnipeg.

Barley—No. 2, 35c per bushel; No. 4, 36c per bushel, carlots on track here. Flaxseed—\$11.11 per bushel for No. 1. Hay—Fruit hay in carlots on track, 34c to 35c; loose hay, farmers' loads 34c to 35c; timothy, 32c to 34c.

ALBERTA RED BECOMES FAMOUS. Montreal Witness—A year ago Alberta Red wheat was an experiment. Today it is a substantial fact. The advice from this now important winter wheat-growing province are eminently satisfactory. The yield per acre of this red wheat shows an exceptional average, one instance being reported this week in which the return from hundred acres was 2,300 bushels to the acre. At a low estimate the selling price of the wheat would be sixty cents a bushel, representing a cash return of \$1,380 for the cultivation of a comparatively small area. A notable thing about the Alberta wheat situation is that already its virtues are receiving practical appreciation in the winter wheat sections of the United States.

OFFICIAL TIME INSPECTOR C. N. R.

Would \$25.00 Buy You a New Jacket?

HAT would pay for a pretty good coat, wouldn't it, Mrs. Housekeeper?

The advantage Malleable Iron has is that it can be cold riveted to steel without the use of stove putty to make air-tight joints.

So all the frames in the Monarch are made of Malleable Iron—around the Oven Door, Ash Door, Pouch Feed Door, etc. The steel sides are riveted solidly and tightly to Malleable Iron Frames, which make a solid base, unaffected by heat or cold.

Now, this air-tight construction makes air-leaks impossible in the Monarch, hence it saves you \$30 to \$50 every year and will be doing good service long after the loose-jointed steel range has been sent to the scrap-heap.

We can show you many other features about the Monarch—the Duplex Draft which lets in air at both ends of the fire-box, ensuring even cooking—the

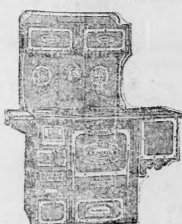

Contact Reservoir which heats water quickly—the Malleable Iron top which requires no

Lacking to keep clean, etc., all of which are exclusive with the Monarch. It is well worth an hour of your time to examine this range.

A \$1.00 Cook Book Free

The Monarch Cook Book, written by Mrs. Helen M. Thomson, an acknowledged authority on domestic science is a Real Book, not a cheap circular. 724 pages bound in cloth on board covers—a book that would cost \$1.00 at the book stores.

It contains 250 recipes, many of them new, all simple, easy to make and inexpensive. Has practical hints on diet and marketing. You can get it without cost if you intend buying a range or cook stove within a year. HOW TO GET IT. Cut out this advertisement, mail it to the Malleable Iron Range Company, Bureau Bldg. Wis., and tell them WHEN (leaving month if possible) you expect to buy and you will secure this valuable book free. As the edition is limited, write now.

News Notes of Doings in the Garrison Town.

Fort Saskatchewan, Oct. 16.—The Reporter office is being enlarged to accommodate more machinery.

Mrs. Chard, wife of the station agent here, is convalescent, after a somewhat serious attack of typhoid fever. Mr. R. Dann has been appointed town constable in place of Mr. J. Chabot, resigned.

Dr. Hyslop, of Edmonton, came down on Monday on professional business.

The intermediate division of the public school is closed owing to the illness of the teacher, Miss Walker. Mr. E. Wilmer's new house is nearing completion. The family expect to move in about the end of this month.

A Thanksgiving service will be held in the Presbyterian church on Thursday morning. Rev. A. F. Forbes will be assisted by Rev. W. Howard, of the Methodist church.

Mr. A. O'Brien, bookkeeper for Wilkins and Jones, has returned, after spending a few weeks at his home in Nova Scotia.

The shower social which was held in the Presbyterian church last Friday evening, was quite a success despite the inclement weather. Quantities of useful articles were contributed. The Fribes auxiliary of the W. H. M. S. made use of their prerogative on this occasion and abandoned their original plan of donating this "shower" to the Vegreville hospital, owing to the fact that more urgent need has developed at home during the last few days. Some rooms in the new town hall have been fitted up as a temporary hospital, and good hopes are entertained that the fever which has broken out in our midst will very soon be extirpated.

A number of people from this vicinity intend taking advantage of the Thanksgiving excursion to visit friends at various points.

Mr. A. M. Sutherland spent Sunday at the Capital.

A representation of C Squadron, C. M. R., intend attending the sham battle which takes place at Edmonton on Thursday next, Thanksgiving day.

Dr. Beo. Turner left on Monday evening for Calgary, where he will meet his bride-elect, and have the nuptial knot tied.

Mr. T. Shipley, of Vegreville, is in town today.

Mrs. (Marge) Strickland and family have returned from Prince Albert, where they have been visiting for a couple of weeks.

Mrs. Raichert, wife of Sergeant Raichert, R. N. W. M. P., is recovering from her recent illness.

Mr. W. Emerson died this afternoon from the effects of typhoid fever which he has been suffering from for the past two weeks. Much sympathy is felt for the friends in attendance.

MANITOBA CRIMES.

Winnipeg, Oct. 16.—The Autumn assizes for the judicial district of Manitoba opened this month and the calendars are such as to indicate that during the past half year there has been an awful carnival of crime throughout the province, it being confined to no particular district, though in the eastern portion it is most alarming to note the prevalence of murder. For the first time in the history of the province the juries will have to try men for capital punishment in each judicial district. In Winnipeg, charges of murder will be preferred against a dozen men and charges of a like nature will be laid in Brandon, Portage and Morden. It is estimated that 70 indictments will be presented to the Winnipeg grand jury alone at the sittings which open here next Tuesday, all of which are of the most serious nature, the gravest offences being against the Gallian and other foreign elements in North Winnipeg.—These 70 indictments will come before the chief justice, Winnipeg, and Portage assizes open on the same day, while Brandon and Morden commences on Nov. 30. There will be two murder trials of more than ordinary interest, that of Eli Grubb, whose trial will take place at Portage for shooting Bailiff Clarkson, and in whose case expert testimony as to the prisoner's sanity is to be produced from Eastern Canada. The trial of Martin Doyle for the murder of Vincent Weller, both Dakotas, near Snowflake, five miles from the international boundary last winter, and which will be held at Morden will be of a sensational character. Besides the charges of murder a large number of indictments of the most heinous nature will be presented to the grand juries of each district. In the urban districts, murder, arson, conspiracy, sedition, robbery and criminal libel are the chief offences. In the rural districts murder, rape and arson head the list.

WHY C. P. R. STOCK KEEPS ITS STRENGTH.

Must Pay Full Dividends Earned, According to Law of Britain.

Minneapolis, October 16.—A dispatch to The Tribune from New York says: "An explanation was found yesterday in a suit which is soon to be decided in the Canadian courts for the strength of Canadian Pacific stock. Canadian Pacific is organized under the laws of England and a general proposition of those laws is that companies must pay to their stockholders in dividends all of the net earnings. Permanent improvements must be capitalized. Some stockholders have brought action in Canada to compel the Canadian Pacific to comply with these laws.

The case has been argued, and a decision is expected soon. If it is in favor of the stockholders, dividends will be increased to 16 per cent within a year, for the company is earning that much.

The company will also have to account for the past and also for about \$5,000,000 recently set aside for permanent improvements, but not yet expended.

Since the increase of St. Paul stock was announced the rumor has been revived that Harriman has bought out the James Henry Smith holdings and that he controls the company."

WESTERN NEWS.

This week the Clarendon Review contains an extended account of the banquet given to the Minister of the Interior.

Nelson Daily News.—The Krao, one of the oldest mines in the Amisworth mining district, has been sold to Butte parties for \$100,000. The property recently had been showing such remarkably rich ore that it had attracted attention all over the country before its final disposal. It is said some of the ore mined ran 10,000 and 12,000 ounces silver to the ton.

The Regina Leader notes the arrival in that city of Mrs. F. H. Paget and her secretary, Miss Ferguson. Mrs. Paget is engaged in writing the history, traditions, etc., of the Cree Indians. She speaks Cree with the greatest fluency and during the rebellion was one of those made prisoners by Big Bear.

Charles Clark, editor of the High River Times, was married last week to Miss McDermott of Bay City, Mich. Blairmore Times.—The new battery of coke ovens at Coleman is rapidly nearing completion and will be ready to be put into operation by the middle of next month. At present this company is turning out daily 120 tons of first class coke, and when the new ovens are fired up they will have a coke making capacity of fully 260 tons of coke per day.

Blairmore Times.—Thursday M. McKenzie, M. L. A., of Macleod, accompanied by S. B. Woods, deputy attorney-general, visited the Pass. After viewing the Frank slide they spent a couple of hours in Blairmore and then went on to Coleman, where they spent the balance of the day. This was Mr. Woods' first visit to this section of the Province and he was loud in his praise of the enterprise shown here and the development that has taken place in the Pass when its age is taken into consideration. He was greatly interested in our mines and their development and was shown over the plant of the International Co. at Coleman and through that mine by General Manager Galer and Superintendent Fraser, of that company. Mr. Woods was anxious to acquire all the information possible in regard to the working of the mine as on him largely devolves the drafting work of etching shrouds enliven etao of our mining laws.

BYE-ELECTIONS.

(Bulletin Special)
Montreal, Oct. 16.—Joseph Demers, Liberal, was elected by acclamation in St. John and Iberville today.

(Bulletin Special)
Quebec, Oct. 16.—Geo. E. Amyot and Lorenzo Robitaille, both Liberals, were nominated for Quebec county today.

MAY INVESTIGATE THE SPECULATIONS.

(Bulletin Special)
Toronto, Oct. 16.—It was stated this morning that a number of the smaller shareholders of the Ontario bank would shortly make a demand for an investigation into the manner in which the speculations were made and the real reason of the investments. A number of the larger shareholders will not join in any such movement. The pension fund of the bank is causing employees some anxiety. Many of them have paid into the fund for a number of years and they want assurance that the money will not be included in the general assets.

LEWIS CHARGED WITH PERJURY.

(Correspondence)
Toronto, Oct. 16.—A sensation was caused in the London bribery case just before adjournment when Tom Lewis, hotelkeeper, of London, was placed under arrest on a charge of perjury. Col. Denison refused to grant bail. The arrest followed immediately after Lewis had given evidence in which he corrected a number of his former statements and also the evidence of a number of other witnesses.

KENORA PRISONERS ESCAPE.

(Bulletin Special)
Kenora, Oct. 16.—R. C. Salm alias Maxwell, was arrested at Dryden a couple of days ago on a charge of bigamy. He was brought here but yesterday escaped from jail in company with a negro, and has not yet been captured.

CAUGHT IN TIME.

(Bulletin Special)
Winnipeg, Oct. 16.—Two small fires, caught in time, gave promise of a big conflagration. Clark Bros. & Hughes' undertaking establishment was damaged to the extent of thousands of dollars, and the contents of a building on the corner of Portage and Smith were destroyed.

CANADA'S TRADE.

(Bulletin Special)
Ottawa, Oct. 16.—Canada's trade for the quarter of the fiscal year ending September 30th, shows an aggregate trade of \$170,435,000 increase \$36,724,479 over the same time last year. Imports increased over twelve millions and exports over fourteen millions and a half. Agriculture shows a particular increase. At the meeting of the cabinet today Judge Johnson, of Saskatchewan, was assigned to the Moose Jaw district with residence in that city.

AGRICOLA LOCAL IMPROVEMENT COUNCIL.

Agricola, Oct. 15.—The fifth meeting of the council of Local Improvement District No. 27 S. 4 was held in the school at Agricola, on Saturday, October 6th, at 2 p.m.; present, Councillors Fawcett, Stevens, Moran and Davis.

The minutes of the previous meeting were read by the secretary and on motion by Councillor Davis, were adopted. Considerable correspondence including a number of communications from the Department of Public Works re amendments made to the Local Improvement District Ordinance, duties of councillors as fire guardians, etc., were read by the secretary.

On motion of Councillor Moran, the secretary was instructed to acknowledge receipt of letter from the department and to state in regard to same that their request that the secretary call the attention of the council to the amendments made to the Local Improvement District Ordinance had been complied with.

On motion of Councillor Moran, and Stevens, Mr. Stevens was authorized to post notices at H. Horton's store and Clover Bar post office warning the person who removed a road scraper from Mr. Horton's place some time in June or July to return the same forthwith or proceedings would be taken by the council to recover the scraper at the expense of the person removing.

On motion by Councillors Stevens and Moran the secretary was instructed to have notices posted in three public places in each division warning all persons against removing road machinery or any other property of this district without permission of the councillors. On motion of Councillors Fawcett and Davis, the first Saturday in December was decided on as the date of next meeting at a place to be arranged for by the secretary, he to notify councillors of the place of meeting.

On motion of Councillors Davis and Stevens the meeting was adjourned.

R. HARRISON,
Secretary.

THE ash-pit of the Oxford Hot Water Boiler high base gives great depth for accumulated ashes, and, when ordered, is fitted with an ash-sifter which separates the good coal from the dead ashes, thus, without any extra trouble, saving much fuel that is ordinarily thrown away.

Oxford Hot Water Boiler

The diameter of the fire-pot is greater at the top than at the bottom, preventing an accumulation of ashes around the most active part of the boiler.

The triangular revolving grate is hollow, allowing immense air space without permitting live coals to drop through. Dead ashes, clinkers, etc., are sharply cut off by a turn of the grate. The whole contents of the grate are dumped by a few extra turns.

We would like to tell you more about the Oxford Hot Water Boiler. Will you write for our book? It's free.

Committee Adopts

PLAN FOR VISITATION.

Committee for Taking Religious Census Divides City into Districts.

The district committee reports to the executive committee as follows: The committee have mapped out the city into ten districts requiring ten supervisors as follows:

Syndicate Avenue Baptist Sunday school headquarters—To include from east side of Kinistino and south of railway.

To cover from east end to Kinistino and north of railway. Headquarters, Grace church.

Kinistino to First street and north of railway—Headquarters, Queen's avenue church.

Kinistino to McDougall and south of railway—Headquarters, Salvation Army barracks.

McDougall to Second street, railway to brow of hill—Headquarters, Baptist church.

Second street to Seventh, railway to brow of hill—Headquarters, Presbyterian church.

Seventh street, west end, south of railway—Headquarters, Hazlett grocery, Eighth street.

First street, west end, north of railway—Headquarters, German Lutheran church.

From brow of hill to river, and from bridge to Tenth street.

The committee have divided the city into 105 sections, as per schedule herewith.

For the work of the house to house visitations at least 250 visitors will be required, including visitors for hotels, etc. It is recommended that a call be made for 200 visitors from the different churches.

J. D. BLAYNEY,
Chairman District Com.
EAST END.

R. L. 20—Sec. 1—Boundaries—Government ave., Christabelle, and the river.

Sec. 2—East side of Richard to hill, north side of Christabelle to the river as boundaries.

Sec. 3—West side of Richard to hill, north side of Christabelle to Government ave., east side of Government ave., to the hill as boundaries.

Sec. 4—Boundaries by east side of Government ave., to Rat creek, along south side of creek to city boundary (Fort ave.), thence to the river, and along brow of hill to Government ave.

River lots 16 and 18—Sec. 5—Boundaries by east side of Cameron street, east side of Syndicate to Jasper, south side of Jasper to Government, down west side of etainishrdCh—HCC O O side of Government to the river.

MR. OLIVER IN WINNIPEG.

Winnipeg Free Press: Hon. Frank Oliver, Minister of the Interior, arrived in the city on the early train from the west this morning, and is a guest during the day at the Royal Alexandra. He is accompanied by Mrs. Oliver and their daughter, and is on the way back to Ottawa, where the work of his department will be taken up by him in preparation for the approaching session of parliament. During the past few and comes back stating that the western province has enjoyed a season of continued prosperity.

"It was anticipated in the spring that the fall wheat of southern Alberta might be something of a failure," he said to the Free Press today, "and some of the fall wheat was plowed up, spring wheat being planted in its place. The spring wheat which took the place of the fall wheat, did well, but it was found that the fall wheat which was undrained also did well. There was a good average crop throughout all of southern Alberta, and in the northern portion the yield was equally satisfactory."

"For many years the country between Moose Jaw and Maple Creek presented a very desolate appearance. Immigration had for some time been going into this portion of the country, and there are now houses and cultivated fields all the way from Moose Jaw to Maple Creek. The country immediately west of Moose Jaw has of course been thoroughly settled for some years, this settlement extending as far west as"

BACK TO NATURE

Bileans Are Purely Herbal.
"You cannot get any remedy so potent, so beneficial, so eminently designed for the use of mankind, as the caseness and juices of these herbs of the field," says an eminent authority. This description sums up exactly the constituents of Bileans. Bileans are purely herbal and they have been proved in every case to meet the needs of ailing humanity. They operate on the liver and stomach and cure all disorders arising from derangement of these important organs. Liver complaint, constipation, indigestion, headache, female ailments, constipation, piles, debility, liver chills, all yield to Bileans. From their use both rich and poor are every day benefiting. One correspondent says: "I had to do laundry work to get the money for a course, but they gave me health." As a contrast to this, Sir Chas. Clifford Brown, of Dorset, (Kent), says, "Bileans cured me of biliousness and bilious headaches. I think they are a really good remedy." Of all druggists at 50 cents a box.

LOCAL

There is a matinee party today at Rennie's Academy for Dancing on Third street from 2 p. m. to 5:30 p. m.

The post office will be open for the delivery of mail from 8 to 10 a. m. and 6 to 7 p. m. The lobby will be open all day so that box holders may get their mail.

Beaver House Ancient Order of Foresters meet in Houston's Hall Thanksgiving evening and will welcome visiting brothers. Bro. Bull of Toronto and H. C. J. Woodward, will arrive on the 26th inst. to organize in Northern Alberta.

The people of Morinville will celebrate the entry of the C.N.R. into their town by a monster picnic today. Horse racing, foot racing and a baseball match between Edmonton "Maple Leafs" comprise the program. The celebration will conclude with a dance in the evening at Steeles & Helinger's Hall.

The members of the German club Edelweiz spent a very enjoyable social time last evening at the Empire Theatre. Upwards of one hundred were present. Refreshments were served in the Prince Arthur Cafe. Music was furnished by Clark's orchestra.

In the police court yesterday Basil Hewitt, an employee of the G. T. P. survey party, was the defendant in a case for wages. Hewitt while working for the company last August, received injuries which made it necessary for him to lay off for a few weeks. The company paid him up to the time he was hurt plus the time it took Hewitt to reach Edmonton. Hewitt resumed work again on Sept. 4th, and was paid off again on Oct. 11th, the company not allowing him for the time he was out of work due to the accident sustained in their employment. The court awarded wages for full time with costs.

Mr. W. H. Scott, who has been in the Yellowhead country for the last two months, returned to the city last night. Quite a number of prospecting parties both for the timber and minerals are covering the country in the vicinity of the pass. Many of the survey parties have suffered severely in the loss of pack horses owing to some peculiar fever. Mr. Scott reports the country extending from Edmonton to about 25 miles west of the Pembina as being pretty well settled, and the soil to be equal if not better than that of the country east of the city. He predicts a great rush of settlers next spring to the country west of the Pembina.

SOCIAL AND PERSONAL.

Mr. and Mrs. A. E. May returned Tuesday night from a visit to their old home in Ontario.

Lethbridge Joins

WESTERN CANADIAN LEAGUE.

Deacon White Wins That Coal—Town Comes Into Baseball Fraternity for Next Year.

(Bulletin Special)

Lethbridge, Alt., Oct. 17.—The mission sent from Medicine Hat meeting to Lethbridge has succeeded and this town will come into the western Canadian league. This leaves only Moose Jaw to be secured and the prospects are bright. The franchise will not be offered to any American town until Moose Jaw has been thoroughly canvassed as the league promoters are enthusiastic for an all-Canadian league.

I will not be able to get home for the adjourned annual meeting of tonight and would request that it be postponed until tomorrow evening so that I may have an opportunity to place my report before the stockholders in Edmonton.

"DEACON" WHITE.

In compliance with the "Deacon's" request the meeting due to take place this evening has been postponed to some later date not yet specified. Notices of the meeting will be sent out later.

MARRIAGE

HEALES-COOKE.—At the home of Mr. Jno. S. Heales, brother of the groom, by the Rev. D. G. McQueen on the 16th inst. Mr. F. O. E. Heales of Edmonton to Miss Jennie B. Cooke of Moncton, New Brunswick.

THANKSGIVING DAY EXCURSION RATES.

The Canadian Pacific Railway announce a rate of fare and one-third for the round trip account Thanksgiving Day, Thursday, October 18th. Tickets will be on sale October 16 to 18, and good to return October 20.

City News

TODAY'S MANOEUVERS.

The military manoeuvres for today on the south side of the river between Strathcona and Clover Bar.

The blue force established at Clover Bar station of the G.T.P. sends out a reconnoitring patrol consisting of B Squadron to gain information as to the defence of the city and to press home the attack on the encampment outposts. The red force established at Edmonton and Strathcona has sent out an outpost consisting of A Squadron to hold the position beyond Dowler's Hill until the arrival of reinforcements, consisting of the Boys Brigade who will march from Edmonton at 11:49 o'clock and the combined forces will then make a combined attack upon the blue force.

The blue forces will be east of the boundary of Range 24 and will not move before 11 o'clock. The red force will be at the head of Dowler's Hill and will not move east of that point before 10:30 a.m. Neither force shall be placed or moved west of a line drawn north and south through William Connor's house.

Hostilities will close from 12 to 1 o'clock, no fresh disposition of forces being made during the hour.

Umpires—Lt. Col. Edwards, umpire in chief; Major Irwin, Major Irving, D. S. O., Major Aymer, Captain Strickland, Capt. Worley, Capt. Carstairs, Capt. Thibodeau, Capt. Daniel, Surgeon Capt. Gillespie, Lieut. Crumb, Dr. McLean, R. H. Palmer, J. B. Walker and P. H. Belcher.

IN THE CHURCHES TODAY.

In St. Joachim's Church mass will be observed at 8:15 and services will also be held at 7 p. m.

There will be a Thanksgiving Day service today at 11 p. m. in First Presbyterian Church. The collection is in aid of the widows' and orphans' fund of the church.

Thanksgiving services will be observed in All Saints' Church today at 10:30 a. m. Holy Communion will be dispensed. An address by the rector, Rev. H. A. Gray.

A lecture will be given under the auspices of the Women's Auxiliary tonight at 8 p. m. in the schoolroom of All Saints' Church. Mr. E. Sprake Jones will relate his experiences in mission work among the Eskimos in the Far North.

HALES-COOK.

The marriage of Miss Jennie Blanche Cooke to Mr. Frank O. E. Heales took place at his brother's home on 5th street, Edmonton, on Tuesday evening, Oct. 16th. The ceremony was performed by the Rev. D. G. McQueen. The bride was becomingly attired in navy silk. After the ceremony a dainty supper was served and amid the hearty good wishes of many friends the couple were driven to their home on 15th street west. The happy couple were the recipients of many handsome and useful presents, which speaks of the high esteem that Mr. Heales holds among his fellow men. We extend to Mr. and Mrs. Heales our sincere congratulations and may their life be long and prosperous.

RE NAMAYO AVENUE.

Editor Bulletin: Namayo avenue has undergone a great change. Four months ago there were deep ditches on each side so that in a great many places a wagon could not get near the sidewalk; now we have a good concrete sidewalk, and with the street levelled down the avenue's appearance is fairly good, and by the number of houses that are shaping for business, it is going to be a business street. There is an accommodation which is badly needed, and that is a bank or a branch of a bank, and I think one of our leading banks should look into the matter as there is no doubt it would pay.

INDISCRIMINATE.

Duluth Man Wants to Throw Jack Downs or Anybody Else Three Times in One Hour.

A new light in the wrestling arena has just pushed his signals above the horizon, and wishes to attract a little attention. Here is his letter, written from the Hotel Lenox, Duluth:

Mr. Sporting Editor—Dear Sir—Will you kindly print a challenge in your paper for me to meet Mr. Jack Downs or any other man in your city or country, for a side bet from \$100 to \$500 and gate money, me to throw them three falls in one hour. I am on my way to the coast, and could make your city conveniently. Thanking you in advance, I am, yours respectfully, Wm. Maynard, manager for Jim Parr, English champion, and holder of championship belt of the world in 1902. Address, St. Paul, Minn., U. S. A., gen. delivery.

THE BIG STORE
